Dr. Robin Pierucci is a neonatologist. Dr. Pierucci tends to the needs of infants who were born prematurely and are at the gestational ages of babies who are legal to abort. Through caring for these very small patients of hers, Dr. Pierucci was challenged about the values she learned growing up in a "pro-choice" household.

## **The Importance of our Annual Dinner**

Our annual dinner provides us with several opportunities: to educate, raise awareness of the prolife issues and to raise the funds necessary to reach our goals.

For Right to Life of Michigan the money raised at the dinner is to fund getting our commercials on the air and online. Other donors fund the research and development of the commercials.

For Right to Life of St. Joseph County the dinner and the Silent Auction funds our affiliate for the year. The other avenue we have for funds is through memberships and donations.

This year, please help us by attending our dinner and bidding generously on our auction items. Donations of items to auction are greatly appreciated as well. Thank you for your support.

### Coming in September!

#### Staying in touch....

We've had a Substack account for awhile now hoping to find the "right person" to help us get the message out by writing articles for the Substack account and for this Newsletter. But we haven't found that person. Because Substack has the ability to send emails we have decided to use that feature to stay in touch with you. If you're a member or have attended our dinners in the past, you have already given us your email. For others who are interested in receiving our emails beginning in September, you will be able to go to our website and join our mailing list. We've had a busy year and we'll be able to tell you more about our activities in these emails.

### Just a few thoughts

by Jamie Wallace

### "We're going to do all the things!"

Do you ever remember a quote but you can't remember where you heard it? I remember a woman saying that about the above quote. She and her fellow Democrats were going to do "all the things" this fall. She kept saying "all the things" but never said what those things were. Conservative commentators were laughing at her but I knew exactly what she was saying.

All the things:

Going Door to Door  
Making phone calls  
Working at the polls  
Counting the votes

And she didn't mean a few evening hours each week and perhaps a Saturday once a month. She meant:

everyday  
all day  
until Election Day

They were not going to stop until they delivered the vote.

Help us do "all the things". Go to [rtl.org](http://rtl.org) and click on the "Get Involved" tab and sign up or call me at 269-547-4815.
